

An Unusual Presentation at Wilberforce Chapter

The November meeting of Wilberforce Chapter in Beverley saw a visit by the Second Provincial Grand Principal and a team of active Provincial Officers.

The Team were fortunate to witness a quite spectacular exaltation ceremony performed in Humber ritual with the 'Wilberforce twis't. At the after meeting, David Johnstone, Scribe E of the Chapter, presented Denis Stubley, The Second Provincial Grand Principal, with a bottle of 'Dr. Stubley's Original Oral Rejuvative and Lightening Goat Purge'. This is apparently effective against virtually all known oral diseases and bloat, for use in his day job at his dental practice.

A commemorative framed certificate was also presented with an image of the bottle label bearing a strange resemblance to the Second Principal but wearing a rather bushy beard. Denis has now been left to contemplate the necessary fee to charge for this rather unique treatment.

Denis with Kevin Lyons, First Principal of the Chapter and David Johnstone.
