

Chapter Greets Craft

The Provincial Chapter Greets Craft Team gave a presentation to Vulcan Lodge No.4510 at their annual Burns night celebration.

The team aim to give three or four presentations to lodges in each masonic year.

The intention is to attend meetings in different parts of the province to enable as many craft masons as possible to attend and witness the story and history of the Royal Arch.

The team is conducted by Denis Stublely, the Second Provincial Grand , who addresses the lodge members at the after meeting, to answer any questions which arise about the Royal Arch to further increase the understanding of this Supreme Degree.
