Master of St Germain “ Doubles Up”

In what has now become an annual event, the ‘Lodge of St. Germain’ charity walk was completed by over fifteen intrepid brethren and their friends in March.

The event was centred on Robin Hood’s Bay and had a bit of a “twist”.

Ten miles was accomplished by the party but the Master, David Bryan determined to outdo his companions by running over two circuits to their one and in the opposite direction!

David achieved this feat with great ease, or so he would like us to believe!

£700 was raised for the lodge’s local charity
