

Chernobyl Children Lifeline

To help children suffering from the after effects of the Chernobyl disaster and economic situation.

The remit of the Chernobyl Children's Life Line Link is to provide a four-week respite holiday, providing loving host parents, plenty of healthy food and lots of fresh air.

Following a petition to the Provincial Grand Charity of the Masonic Province of Yorkshire North and East Ridings from the Handyside Lodge based in Saltburn a sum of £500 was approved to assist Children's Charity.

In acknowledging the support Margaret Cundall Chairman of the Charity said, "We express our most grateful thanks to your club for the funding to provide the children with a day to remember. The visit to Beamish was a huge success, the weather was very kind to us and the journey on a double decker bus was a real treat for the children, as they had not seen one let alone ride in one before. This visit was educational as well as fun. Thanks to organisations such as the Masons, over the month the children enjoyed so many experiences and left for their homeland happier and so much healthier than when they arrived".
