

## Lodge Mentors Recognised by the Provincial Grand Master

The Provincial Grand Master recognised the important role played by Lodge Mentors when he addressed them at Provincial Grand Lodge.

He pointed out to them that

“ In appointing you as Lodge Mentor, your Lodge has not only recognised the importance of the initiative, but has also recognised in you the requisite skills to guide, teach and support our new members as they are introduced to the wonderful, yet often confusing, world of Freemasonry.

Whilst in many Lodges there are several Mentors, the Lodge Mentor is the brother in overall charge of the Lodge's Mentoring programme.

He will not necessarily mentor anyone himself, but will certainly have the responsibility for selecting the most appropriate Mentor for each individual.

In effect, he is the brother that I expect to deliver a successful and sustainable mentoring programme for his Lodge.”

Lodge Mentor is not yet a recognised Office within Lodges and there is no collar.

However, the Provincial Grand formally invested the Lodge Mentor of Humber Lodge No 57 with his Mentor Badge designed by our Provincial Mentor for use in this Province and then took the opportunity of shaking the hands of all the other Lodge Mentors present.
